

Define (10-15 mins)

- 1. Use the insights you've formed earlier
- 2. Avoid **suggesting solution** in your HMWs
- 3. Focus your HMWs on the desired **outcome**
- 4. Phrase your HMW questions **positively**
- 5. Not too vague but not too clear
- 6. HMW should support divergent thinking rather than focusing on one solution
- 7. 1 Research can have more than 1 HMW
